BUDGET MESSAGE

PORT OF HOOD RIVER

Providing for the region's economic future.

INDUSTRIAL/COMMERCIAL FACILITIES • AIRPORT • INTERSTATE BRIDGE • MARINA

1000 E. Port Marina Drive • Hood River, OR 97031 • (541) 386-1645 • Fax: (541) 386-1395 • www.portofhoodriver.com • Email: porthr@gorge.net

To: Port of Hood River Budget Committee
From: Michael McElwee, Budget Officer
Date: April 18, 2017
Re: Budget Message for Fiscal Year 2017-18

The annual budget for the Port of Hood River is prepared by staff for review and approval by the Budget Committee and subsequent adoption by the Port Commission. This memorandum provides highlights of the FY 17/18 Proposed Budget and other information in accordance with O.R.S. 294.

Overview

The Port operates on a fiscal year that begins July 1 and ends June 30. The budget is a key document by which the Port Commission's policy and project direction is planned and implemented. Public input is sought and welcome at all stages of budget preparation.

Budget preparation follows these key steps as required by state statute:

- A **Proposed Budget** is prepared by the Port's designated Budget Officer based on discussions at the Commission's Spring Planning meeting. This year, the Spring Planning meeting was held on **March 21, 2017**.
- The Budget Committee discusses the Proposed Budget and may make changes as approved by vote. After approval, the Proposed Budget becomes the **Approved Budget**. Formal approval of the tax rate for the upcoming fiscal year is also required.
- The Approved Budget is the subject of a **hearing** when the Commission seeks public testimony. This year the public hearing is expected to occur on **May 16**.
- The Commission considers any changes and then must approve the **Adopted Budget** which takes effect **July 1, 2017**.

Budget Preparation Overview

The Port of Hood River is designated as a Municipal Corporation in the State of Oregon and operates in accordance with ORS 777 and other statutes. All budget activities of the Port are categorized within the following three funds:

- **General Fund:** Includes activities related to general governmental activities. The revenue comes from property tax receipts. Since property taxes are insufficient to pay all governmental related expenditures, there is a transfer from the Revenue Fund for the difference.

- **Revenue Fund:** Most of the Port's activities are business-type activities and are accounted for in the Revenue Fund. The primary revenues are from bridge tolls and tenant leases. The revenues and expenditures are identified then allocated to asset centers.
- **Bridge Repair and Replacement Fund:** This fund segregates revenues and expenditures related to capital improvements associated with the Hood River Toll Bridge. Sources of revenues are grant monies, bond receipts, and a portion of toll revenue from both the 1994, 2012 and 2017 toll increases. These monies are transferred from the Revenue Fund. Expenditures for this fund are associated with bridge capital improvements that extend its useful life, maintenance and replacement planning. This fund also reflects the debt service payments from the debt financings related to the bridge improvements and holds the required debt service reserve.

Port of Hood River Financial Policies

The Port's annual budget is prepared in conformance with adopted financial policies. The Port Commission follows its adopted "Financial Administrative Policies and Procedures." Two key financial policies govern the long-range financial planning and annual budget of the Port:

- The Port's Reserve Funds should equal 10% of the Port's depreciable assets
- The Port's overall debt service coverage ratio should equal 2.0 or greater.

Budget Highlights

The following sections are highlights of the FY 2017-18 Proposed Budget organized by major asset areas of the Port's operations.

ASSET AREAS

Industrial/Commercial Properties

- Overall occupancy rates remain high in all Port buildings, currently around 95%. Some vacancies exist in the Wasco Building and the Big 7 Building.
- Significant on-site utility work, design & permitting occurred at the Lower Mill in FY 2016-17. The budget assumes some additional on-site work associated with wetland fill and spoils removal and off-site wetland fill mitigation. It also assumes funding for off-site water system improvements—work that could postpone expected property sales and delay development.
- No property sales occurred in FY 2016/17. The FY 2017/18 Draft Budget assumes that one 4.7 acre land transaction will occur at the Lower Mill property out of the total 11.36 acres.

- The FY 2017/18 Proposed Budget includes a continued investment in the maintenance of existing Port buildings. The largest capital projects are \$216,000 for a re-roof and \$180,000 for asphalt paving, both associated with the Jensen Building.
- Another phase of planning work is expected for Lot #1 in FY 2017/18 since road and utility infrastructure will be necessary to prepare for future development and funding for this work could come from tax increment financing. The budget assumes a collaborative effort to consider need, scope, costs and tax increment funding financial feasibility will be carried out with significant utilization of consultants.

Bridge/Transportation

- The lengthy investigation, engineering evaluation, and repairs associated with the fall 2016 bridge allision are complete. Those efforts removed significant uncertainty associated with possible damage and an insurance claim, and benefited the Port with a rigorous evaluation of the lift span mechanical and electrical systems. The Port is much better positioned to anticipate annual maintenance steps and future upgrades to the lift span.
- The one large bridge capital project to be carried out in FY 2017/18 is reinforcement of the four auxiliary trusses flanking the lift towers. This project had been postponed due to the allision investigation. The draft budget also assumes engineering efforts will be carried out in preparation for rehabilitation of the lift span mechanical and electrical systems in FY 2018/19.
- Both significant opportunity and uncertainty exists concerning efforts to replace the bridge. The Port Commission emphasized replacement efforts in FY 2016/17 and two pieces of legislation are advancing in the Oregon legislature to bring needed authorities and funding for replacement efforts. One of these legislative efforts is a request for \$5 million to fund financial feasibility analyses and preparation of a final EIS for a new bridge. If this funding is obtained, the Port would gear up for a very significant effort over at least the next two fiscal years. For purposes of the draft budget, staff assumes the funding is obtained and approximately \$1.5 million is expended in FY 2017/18
- The Proposed Budget assumes a significant toll increase commencing in January 2018. This increase would allow bridge revenue to keep pace with expected bridge repair costs and build a reserve fund that would be dedicated to bridge replacement efforts. This is a fundamentally important issue to consider as part of the FY 2017/18 budget. Such a reserve fund would recognize that under any known scenario for a new bridge, a significant local contribution will be needed and the impact to the local community will be lessened if we acknowledge the need and begin building the reserve fund now.
- The budget maintains the higher level of expenditures for maintenance, repairs and inspections that was initiated several years ago.

Recreation/Marina

- A large number of recreational improvements have been completed over the last several years on the waterfront, primarily to construct new ped/bike trail segments. The proposed budget assumes funding for three small projects: beach replenishment at the Event Site and dock upgrades and a SUP/Kayak storage facility both at the Nichols Basin Seawall.
- The Proposed Budget includes continuing modest investments in upgrades and improvements to most Port recreation sites.
- The Proposed Budget assumes continuation of the financial contribution to the Sheriff's Department to pay for waterfront patrols by the Marine Deputy and a small increase to allow for fueling of the Marine Deputy boat at the Fuel Dock.
- The FY 2016/17 Budget assumed installation of parking meters on Port waterfront streets to increase turnover and increase revenue to off-set our recreational area maintenance costs. The plan was stalled due to indecision by the City who the Port would rely upon for parking enforcement. The FY 2017/18 Proposed Budget assumes installation of meters and a contract with the City for parking enforcement. As before, if installed, there will be some risk that revenues will not match assumed levels.
- No major capital investments in the Marina are anticipated in FY 2017/18. The Proposed Budget does include funds for conceptual engineering of a new Transient Boat Dock, necessary for permitting and potential OSMB grant funding.

Airport

- The major focus of effort in FY 2015/16 and FY 2016/17 was completion of the Master Plan. That plan is still awaiting FAA approval. The approved Master Plan provides the priority for future capital investment in the Airport.
- There is great potential for progress on significant capital projects in the next few years. If successfully implemented, these efforts will greatly transform the Airport and will require a major commitment of staff time and Port financial contributions. The primary projects are as follows:
 - A \$2 million upgrade of the South Taxi-way. This project has received a funding commitment from the FAA and will be constructed in FY 2017/18 at a total cost of about \$1.2 million. The required 10% local match will be obtained primarily through the new State COAR grant program.
 - Privately-funded construction of commercial hangars on the south side near the White Hangar. Final development agreement and lease negotiations for this project are underway.
 - Site and infrastructure improvements around the North Ramp estimated to cost about \$2.1 million. The Port received a \$1.3 million state grant but will be responsible for an \$800,000 local match. About half of the match is expected to come from private sources and the remainder from Port in-

kind services or, potentially, tax increment funding from the Windmaster Urban Renewal District.

Each of these projects brings cost and schedule risk that could impact the FY 2017/18 budget.

- An increase in T-Hangar lease rates was implemented in FY 16/17 and another increase is expected in the Draft Budget. The Port is taking these steps to ensure the Airport is able to maintain a positive operating cash flow.

Administration & Management

- Medical insurance premiums are expected to have a relatively small increase of 6%. The Port's PERS obligation, however, will incur a significant increase of about 31% due to unfunded liability primarily associated with the guaranteed rate of return for Tier One recipients. Overall, personnel costs are budgeted to increase by 7.8%. Some of this increase is due to the new sick leave law being implemented.
- Some staff turnover occurred in the FY 2016/17 fiscal year that presents an opportunity for position re-alignment. A new position has been created that combines the Marina Manager and Waterfront Coordinator duties in a new full-time position for greater efficiencies. We have also proposed an additional full time employee in the Facilities Department due to the high level of ongoing maintenance work on the bridge and a continued emphasis on utilizing staff for smaller capital projects. This position will be partially off-set by a reduction in one summer position.
- Regional collaboration efforts, primarily through the OneGorge organization, are proposed to remain at current budget levels. The Proposed Budget also continues the current level of expenditures for public advocacy in Salem, Olympia and Washington D.C., primarily related to bridge replacement.

SUMMARY

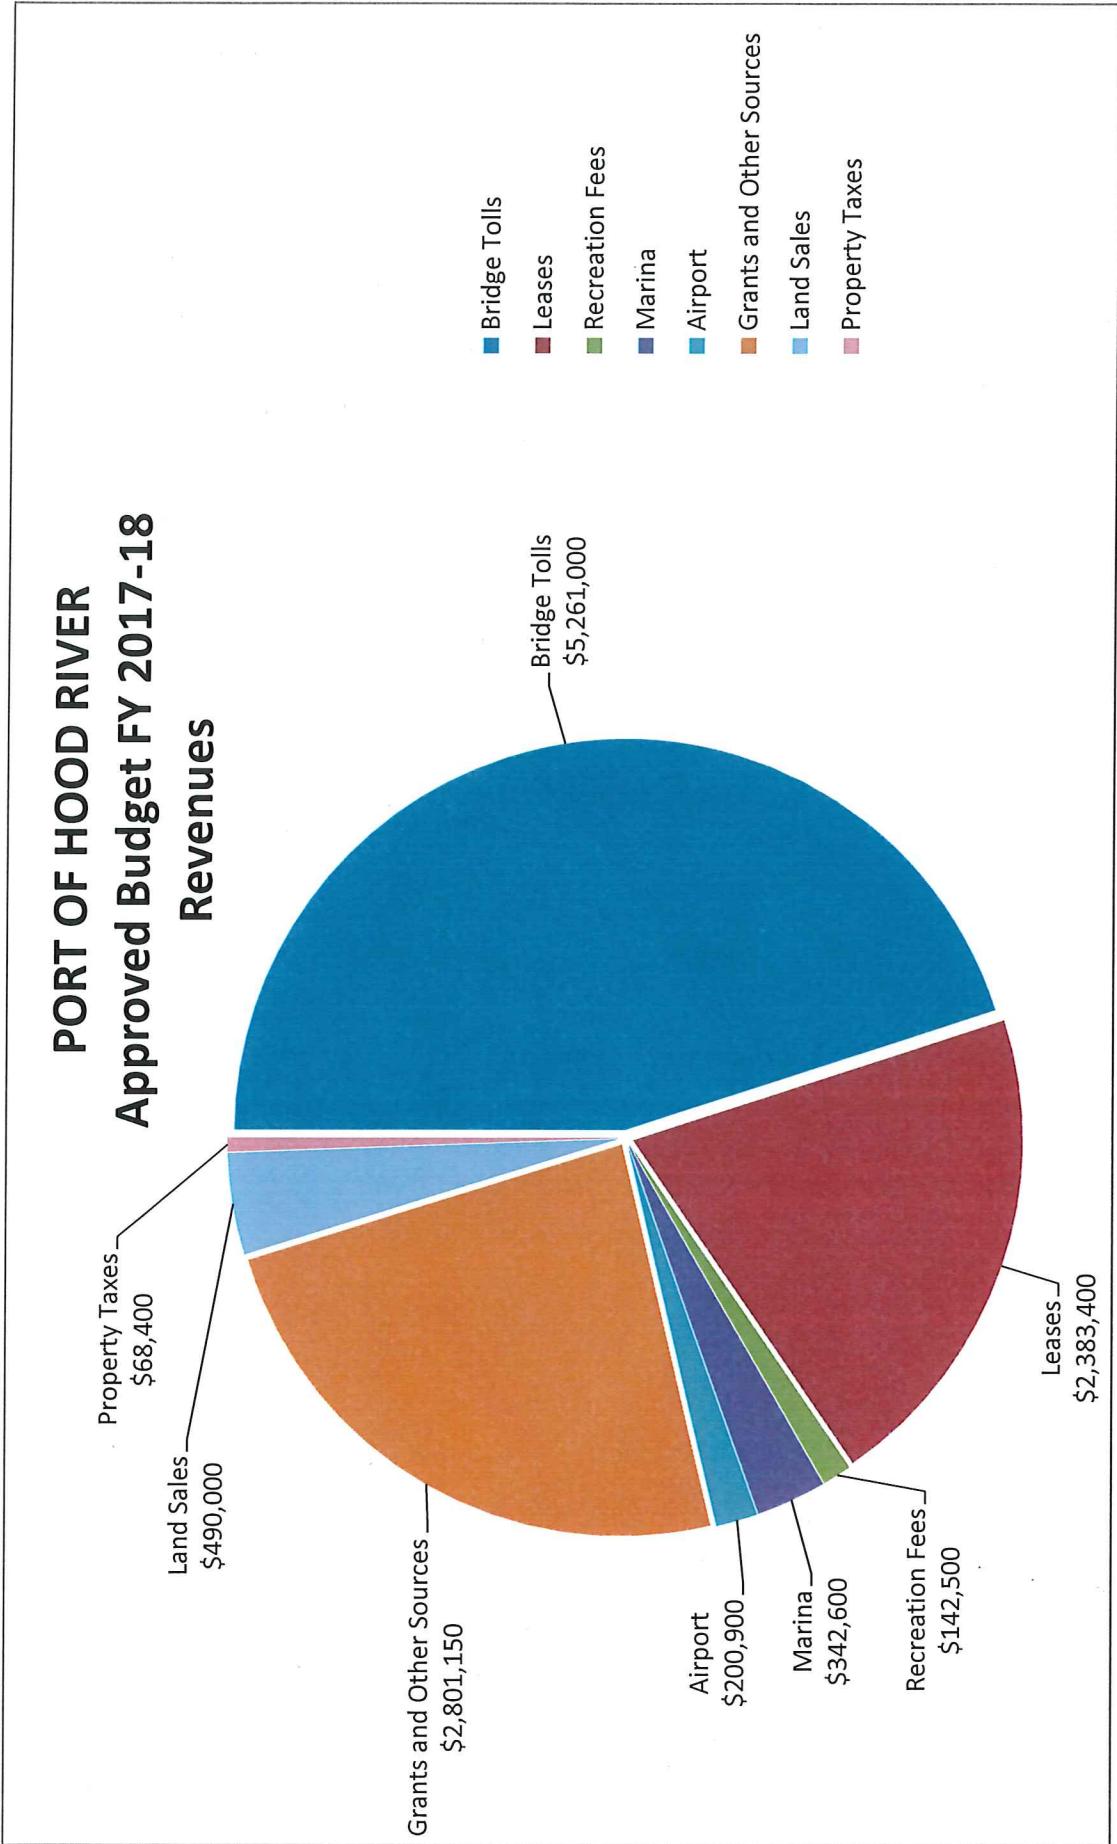

The FY 2017-18 Proposed Budget reflects project priorities, staffing levels and capital and administration expenditures that staff believes are consistent with the Port's mission and direction from the Port Commission. FY 2017/18 is expected to bring greater certainty relative to bridge replacement efforts. If proposed legislation in the Oregon legislature are passed, the Port will need to assume a significant pre-development effort including completion of a FEIS, financial analysis, geotechnical investigation, and other steps associated with a replacement bridge. If unsuccessful, the primary focus will remain on maintaining safe operation and functionality of the existing bridge. However, with either outcome is the clear need to increase bridge revenue. In other areas, the Proposed Budget allows limited flexibility to respond to requirements or opportunities.

Following the Budget Committee's review, modification and approval of a Proposed Budget the Commission will conduct a hearing, currently scheduled for May 16, 2017. Any final changes will be included in the adopted budget that takes effect on July 1, 2017.

PORT OF HOOD RIVER Approved Budget FY 2017-18 Expenditures

Commission Memo

Prepared by: Fred Kowell
Date: April 18, 2017
Re: Budget Committee Notes on FY 2017-18 Approved Budget

Please find below the Budget Committee notes to the Proposed Budget for FY 2017-18, approved on April 18, 2017.

Revenues

- Increase tolls from \$1 for cash paying customers to \$2. Breezeby customers increase from \$0.80 to \$1. With regard to trucks their cash tolls per axle increase from \$1 to \$3, while Breezeby increases from \$0.80 to \$2 per axle.

Expenditures

- Put aside \$8000 for wastewater planning with regard to the marina and waterfront restrooms.
- Increase dues and memberships and travel by \$6000 for the International Bridge, Tunnel, and Tollway Association. The Port will become a member of this association related to electronic tolling.
- Increase Capital Outlay for Lower Mills site by \$300,000 related to wetland mitigation and water utility development.
- Increase Jensen building Capital Outlay for roof repair by \$250,000.
- Increase from 0.5 FTE to 1.0 FTE for Administration Specialist for assistance in the office, board minutes, Port travel and archiving support.
- Add \$20,000 for SUP rack in Nichols Basin for use by recreators.
- Add Energy planning services of \$5,000
- Adjust Marina revenues for additional 6% increase in January 2018.
- Update Eventsite fees, and passes with latest approved rates
- Update Replacement Fund expenditures and grant to match at \$1,000,000 for possible state/federal funding

NOTICE OF BUDGET HEARING

A public meeting of the Port of Hood River Commission will be held on May 16, 2017 at 5:00 pm at the Port Office Marina Center Board Room at 1000 E. Port Marina Drive, Hood River, Oregon. The purpose of this meeting is to discuss the budget for the fiscal year beginning July 1, 2017 as approved by the Port of Hood River Budget Committee. A summary of the budget is presented below. A copy of the budget may be inspected or obtained at the Port Office at 1000 E. Port Marina Drive, Hood River, between the hours of 8 a.m. and 5 p.m., Monday - Friday. The budget may also be viewed online at www.portofhoodriver.com. This budget is for an annual budget period ending June 30, 2018.

Total FTE	27	27	27.0

STATEMENT OF CHANGES IN ACTIVITIES and SOURCES OF FINANCING

This budget provides for significant improvements to the existing bridge while anticipating replacement funding for a new bridge. This budget provides for an upgrade to the existing tolling system for the bridge and includes engineering work for the lift span, auxiliary truss, deck welding, trunnions, primary drives, railings, signage, and toll booth facility improvements. The Port has applied for a \$5 million federal transportation grant that carries a 40% local match. The Port is also hopeful that a state request for \$5 million will be approved to move forward with preliminary work for a bridge replacement. The Bridge R&R fund has been split into the Bridge Repair Fund and the Bridge Replacement fund. This is to ensure the contemplated toll increases are committed for either the improvements to the existing bridge or the preliminary work for the replacement bridge. If the federal Fastlane grant is approved, the proceeds will be used for an Environmental Impact Study, property acquisitions and engineering drawings needed for a replacement bridge. The local match of \$3.3 million will be funded by the contemplated toll increases for this budget. Improvements to the South Taxiway and North ramp mitigation efforts at the airport will move forward. Federal grants will fund the south-taxiway improvements, while State grants will fund a significant portion of the north ramp improvements.

PROPERTY TAX LEVIES
